SAYS HUERTA MUST COMPLY

Congressman Horace Vaughan Declares War Inevitable—U. S. Is Ample Prepared.

Texarkana, Tex., Nov. 6.—"Unless Huerta complies with demands of the United States there will be war with Mexico," declared Congressman Horace Vaughan here today. "We are fully prepared for any emergency. I don't believe any foreign power will join hands with Mexico against the United States. It is not at all probable that Japan will take a hand in spite of the efforts of young hot-bloods there. But should other nations object, the United States is amply prepared to protect its own interests."

here by Hugo Scherer & Co., bankers of Mexico City, for shipment on the steamer Mexico, were seized by government officials today. It is asserted by the authorities that under the law prohibiting such exportation the money is liable to confiscation.

The same steamer has on board more than \$500,000 in gold and silver bars, shipped by banks of Mexico City.

Charged with Embezzlement. Marlin, Tex., Nov. 6.—Sheriff Poole returned this afternoon from Fort Worth with Sid Shields, arrested at Bridgeport Wednesday. Shields is a horse trader and is charged with embezzlement. He took a horse to sell for Herman Williams on commission basis and traded the animal off for a mule, which, it is charged, he sold and used the money. He was placed in jail here this afternoon to await developments.

WACO, TEXAS**MAX SEND BARR BACK TO INDIANA**

DENIES MURDER OF MISS BROWN AND SAYS DID NOT KNOW HER.

MRS. LAKE IS TO BE FREED

Habeas Corpus Case Carried Over Until Saturday—Will Likely Be Dropped.

Dallas, Nov. 6.—That Meade Barr is certain to go back to Indiana is apparent today in Dallas official circles. Following a sensational statement to Dallas newspaper men, his sister, Mrs. Saunders, conferred with Sheriff R. L. Brandenburg Thursday afternoon and came out of the conference more confident than ever that the innocence of her brother was proven. It is now believed that Barr has told the story of the murder in order to escape if possible the sentence in the Indiana reformatory.

The habeas corpus hearing of Mrs. Ellie M. Lake was carried over from the court of Justice S. L. Stewart until Saturday. It is now thought that the case will never come up, as the grand jury will clear her of any connection with the crime if Barr is returned to his prison.

Declaring that he knew he was not guilty; that he did not even know Miss Brown and that he never heard of her death until he was leaving the city, Meade Barr, today from behind the bars of the Dallas county jail, denied to newspaper men and others present that he murdered Miss Florence Brown, the real estate office last July 23, and that he made a confession to Indiana authorities that he committed the murder.

All the time Barr was talking he was puffing on a cigarette and turned frequently on other matters. He told of leaving Dallas early on the morning of the murder and denied that he was up town when the murder occurred. He said the first he heard of the murder was after 2 o'clock as he was leaving the city. He was then near the Texas State Fair ground.

"To you deny that you made the confession in Indiana and before the Dallas county grand jury?" Barr was asked.

"I do," he replied.

"Why do you deny that you made that confession then, Meade?"

"Oh, you know how they do when a fellow gets into trouble."

"Then you deny killing her?"

"Yes, sir."

"What are you going to do about it?" he was asked.

"I don't know. My sister spoke to me yesterday about a lawyer. If you will see her she can give you more information than I can."

"Had you ever met Miss Brown?"

"No, sir, I had not," he vigorously denied.

"That morning I was in East Dallas," he continued, when asked where he went after hearing of the murder. "I went out the Texas & Pacific tracks and that afternoon I was in Cleveland, Ohio."

The brakeman put me off because I wouldn't pay him anything. I finally got to Little Rock, Ark., and from there I went to St. Louis. In St. Louis I sold a knife to a street sweeper. Not a street sweeper, but a street sprinkler. I then went to Cincinnati and stayed there until I was in Cleveland, Ohio."

"Did you have two guns when you left Dallas?" he was asked.

"Yes, I had a .38 and a .45 Colts. I had all kinds of guns."

"Then you deny the confession which they say you have made?"

"Yes, sir, I do."

"Did you tell your sister you were not guilty?" he was asked.

"Ask her," he said. "She can tell you what I told her."

Say Barr Not the Man. David Murray, a well known Dallas real estate dealer and upon whom absolute dependence can be placed, declared that Meade Barr, the Indiana convict, who confesses to the murder of Miss Florence T. Brown, is not the man he saw running up Commerce street about 3:30 o'clock the morning Miss Brown was murdered. Mr. Murray saw Meade Barr at the courthouse yesterday afternoon.

That Barr was in East Dallas as he was 3 o'clock on the morning that Miss Brown was murdered is the statement of Mrs. S. A. Langston, who conducts a hairdressing parlor near the corner of Haskell and East Side avenues. If such is a fact it was a physical impossibility for Barr to have killed the unfortunate stenographer. The body was discovered just about 3 o'clock and it was figured that the crime was committed about 3:30 o'clock.

"I know that Meade Barr was at my house between 8 and 9 o'clock on the morning the girl was killed," said Mrs. Langston. "This can be proven by several others. He sold a suit case for 25 cents to a Mrs. Davis, who was employed by me."

MUCH DRAFTING IN MEXICO

Mexico City, Nov. 6.—Prevented by the most impenetrable reserve displayed at the national palace from learning more of President Huerta's intention regarding his answer to the American demands, the Mexican people are indulging in speculation as to the final outcome.

Much drafting has occurred among the huuahier classes. More than 2,500 are reported to have been drafted to the army by conscription since the beginning of the week. It is said that not even women are exempt, many having been forced to become "soldaderas" who accompanied the Mexican army.

Says Tax Regulations Misinterpreted. Washington, Nov. 6.—Commissioner of Internal Revenue Osborne today notified internal revenue collectors throughout that regulations recently issued governing income tax collections had been misinterpreted by collectors, who refused in some instances to pay coupons for interest on bonds of the United States or its possessions, bonds of any state or county or any political subdivision thereof unless accompanied by certificates of ownership, without deducting the normal tax of 1 per cent.

The income derived from the interest upon such obligations, the commissioner said in a letter to the collectors, "is not subject to the income tax and a certificate of ownership will not be required."

AUTOMOBILE MAN ATE BAD OYSTERS

Serious Attack of Ptomaine Poisoning Led Boggs of Houston to Test Vitalitas.

In a plate of oysters served to Mr. J. N. Boggs, a popular automobile man of Houston, one was bad. This was eaten and serious consequences ensued. Mr. Boggs' home is 1506 Travis. "It made me deathly sick," said Mr. Boggs. "It put my stomach in bad shape and I was not able to find anything that would get the poison out of my system. I tried Vitalitas, which so many people are taking, and less than a bottle of it completely relieved me. I am all right now. Vitalitas is splendid and I recommend it to any one with stomach troubles."

Vitalitas is a wonderful product. It is made and blended solely by Nature. At only one spot on the earth, and in Texas, is the volcanic deposit found which contains this energizing and curative fluid. Vitalitas is extracted from the lava-like formation pure and nothing is added or taken from it. The greatest chemists of America have analyzed and studied Vitalitas. It is free of harmful ingredients and every drop of it is disease banishing and health producing.

Toxic poisons are banished from the system by Vitalitas, the liver cleared and the entire system cleansed and revitalized. All stomach disorders, rheumatism, biliousness, catarrh, impotency, nervous debility and in fact all ills of stomach, liver, kidneys and blood are swept away by its use.

You can sample Vitalitas and see a unique display of it at the Powers-Kelly Drug Co.

MUST MAKE PROOF OF PAYMENT

Secretary Weinert Sends Notice to Corporations to Account for Payment of Stock.

Austin, Nov. 6.—Secretary of State Weinert today gave out the following: "There are more than 700 corporations in Texas who have failed to make proof of payment of capital stock, as required by Article 1141, Revised Statutes of 1911."

He states that he proposes to enforce the statute with reference to non-payment of the unpaid portion of the capital stock rigidly in the future. The statute heretofore has not been rigidly enforced by the secretary of state and some corporations have taken advantage of this fact and have not complied with the law.

Secretary Weinert is today mailing out to all corporations that are delinquent in making proof of payment of portions of capital stock the following notice, which is self-explanatory:

"Gentlemen: The records of this department show that since the filing of the charter of your corporation there remains a portion of the stock not paid for."

"Article 1141, Revised Statutes of 1911, requires that all corporations subject to the provisions of Articles 1125 to 1128, inclusive, shall make proof of final payment of the unpaid portion of the capital stock to the secretary of state within two years from the date of the filing of the charter of such corporations."

"This is to notify you that if proof of payment of the capital stock of your corporation is not made in accordance with Article 1141, as above quoted, on or before December 20, 1913, I shall forfeit the charter of your corporation, as provided in said article."

"The provisions of this law have not been rigidly enforced heretofore, but I shall enforce this article of the statute and forfeit all corporations promptly if payment is not made in accordance with law."

"Kindly take notice and file proof of payment in order to avoid forfeiture. Yours very truly,

"E. WEINERT, Secretary of State."

Secretary Weinert desires to put all corporations on notice that hereafter no notice will be mailed to such corporations as to the date on which the unpaid portion of the capital stock should be paid, but as provided in the statute, he will forfeit the charter of the corporation and then notify the corporation of such forfeiture.

Wheels Smashed; Nobody Hurt. When a horse became frightened yesterday afternoon and ran into a curb on Austin street, west of Seventh, the wheels of the buggy to which the animal was attached were smashed. No one was injured.

MC GUIRE IN A DENIAL

TESTIFIES IN JOHN DOE PROCEEDINGS INVESTIGATING HENNESSY CHARGES.

"Sand Bag" Methods Were Used to Procure Contributions, Is Alleged.

New York, Nov. 6.—George H. McGuire of Syracuse denied on the witness stand today that he had ever furnished John A. Hennessy, former Governor Sulzer's graft investigator, with a list of construction firms which had been "sand-bagged" into giving campaign contributions to Tammany Hall, as testified by Hennessy last week.

McGuire, who is a brother of James K. McGuire, former democratic mayor of Syracuse, and with him a partner in the firm of McGuire & Co., engaged in bonding construction companies and in liability insurance, appeared as a witness in the John Doe proceedings instituted by District Attorney Whitman to investigate Hennessy's charges.

After McGuire had sworn that he had never specified to Hennessy a single instance of any construction company engaged in state highway or barge canal work having given up campaign contributions he was withdrawn from the stand and Hennessy, taking his place, reiterated his statement and added that he could prove it by others.

Hennessy Tells of Meeting. Hennessy said that he had met McGuire in the latter's room in a hotel in Utica, September 12. He produced a list of firms which he said McGuire had named to him as having made contributions. The list was written on stationery of the hotel and Hennessy said he had taken it down in the presence of McGuire.

"McGuire wanted me to defeat Murphy," said Hennessy, "and said he wanted the reservations made. But he said he did not want it known that he had told me anything on account of the affiliations of his brother."

District Attorney Whitman elicited from McGuire that his concern had done a large business in bonding the contracts of construction firms engaged in the state highway and barge canal work that McGuire, after having given \$500 to Sulzer as a campaign contribution had, at Sulzer's request, given \$2500 to Hennessy to enable the latter to pursue his investigation into the state highway department after the governor's special appropriation had been cut off by the assembly. This was in September last, after the governor's impeachment.

Produces Telegram. Hennessy, in support of his version, produced a telegram he received October 27 last from Syracuse which he said he believed had been sent to him by McGuire.

It was signed "M" and appealed to Hennessy to make a check against Wm. H. Kelly, democratic leader of Onondaga county in order to gain votes for the progressive ticket.

"In 1911-1912," the telegram read, "the Kellys were making a check against Wm. H. Kelly, democratic leader of Onondaga county in order to gain votes for the progressive ticket. He also monopolized the road repair work and has a big road contract upon which several important supplementary agreements have been allowed through Peck and Reel. You will know what to say for effect in local city election."

Regarding McGuire's testimony as to a \$500 contribution towards the Sulzer campaign, former Governor Sulzer in a statement tonight said:

"Geo. H. McGuire gave me \$500 the day after I was nominated for governor—not \$500 and this sum was a part of the \$5000 I gave to John H. Delaney the first part of October, 1912, to pay for the printing of the democratic state committee."

Mr. Sulzer in his statement admitted that citizens, of whom McGuire was one, contributed toward the expense of continuing the Hennessy graft investigation and declared that he himself had taken \$2500 of his own money and turned it over to Hennessy for the same purpose.

Jailer Ed Costley is in Crawford where he went to visit his parents. During his absence Deputy Sheriff Joe Roberts is in charge at the county jail.

NUT GROWERS TALK MARKETING

New Organization to Be Formed to Do Own Shelling to Sell to Consumer.

Houston, Nov. 6.—The plan of the nut growers of the United States to organize a co-operative marketing association took tangible form at this morning's session of the National Nut Growers' association, when the committee on resolutions submitted a resolution recommending that such an organization be formed. The resolution was unanimously adopted. One of the articles of the resolution authorized the president of the National Nut Growers' association to appoint a committee to work out the details of organization. The committee will be selected in the near future.

It is the present plan to have the organizing body composed of all nut growers who can be induced to unite to promote the permanent organization, which is to be based upon local associations organized for shipping and grading. It was suggested that the new marketing association should do its own shelling and sell as much as possible direct to the consumer.

President Charles A. Van Ise explained that the new marketing association would not have any direct affiliation with the National Nut Growers' association, but would "be a child of the older organization."

Committee of Agriculture Ed J. Kone of Texas delivered an address before the convention in which he stated that he believed the pecan crop in thirty years would be as valuable as the cotton crop.

Charles L. Edwards of Dallas stated that he had made a success of nut growing under conditions where a certain amount of irrigation was necessary.

Theodore Bechtel of Ocean Springs, Miss., delivered an address on "Nut-cracking Methods."

The conference on orchard management was led by B. W. Stone of Thomasville, Ga.

Robert Woodson addressed the convention on the subject, "Commercial Nut Cracking and the Use of Nut Meats."

C. A. Reed of Washington, D. C., made an address on "Varieties of Pecans and Their Behavior." He recommended the Bradley, Curtis, President, Schley and Stuart varieties of pecans.

Prof. E. E. Schroll of Austin and J. B. Gill of Monticello, Fla., spoke on "Our Friends and Foes among the Insects."

WOMEN FLOCKING TO FMSCO

Y. W. C. A. Sends Out Warning That N Positions Filled—Actually Starving. Is Report.

San Francisco, Nov. 6.—To the governors of all the states of the Union, the Young Women's Christian Association of San Francisco has sent letters asking their aid in "coping with a situation which rapidly is becoming alarming."

Women from all walks of life, say the letters, have been coming to the association in constantly increasing numbers, leaving good positions in the East under the impression that the Panama-Pacific exposition will create more positions than can be filled by women of the state. Many of these women say they already are starving.

"There are now in California," the association announces "more than enough women to fill every position now open or which might be created as a result of the exposition."

F. M. BRALLEY RESIGNS. Tenders Resignation as Member of Regents' Board.

Austin, Nov. 6.—F. M. Bralley, former superintendent of public instruction, now connected with the University of Texas as head of the extension department, today tendered his resignation to Governor Colquhoun as a member of the board of regents of the state normal school of Texas. It was accepted to become effective immediately. No successor has been appointed at this time.

JOHNSON REVIEWS THE FIGHT

Governor of California States Republican Party Undoubtedly Third Party in Massachusetts.

Chicago, Nov. 6.—Governor Hiram W. Johnson of California, fresh from his activities in Eastern campaigns, was guest of honor at a dinner given by the Chicago Progressive club tonight. Of the Massachusetts elections he said in a post-prandial speech:

"The theatre of action from the national standpoint, was Massachusetts. Here was neither complication nor pretense. Bird, the Progressive candidate for governor, was militantly progressive. Gardner, the Republican candidate, represented the embittered opposition to progressivism."

"Side by side with reactionaries and the apologists of last year's fight, in behalf of Gardner, those nearly progressive and the entire presidential lightning rod contingent. In defeated Seniors Cummings, Borah, Norris and others pleaded for the old Republican party, portrayed its past and, in the name of its glorious traditions and the division of offices that might be made in the future, tearfully beseeched progressives to return to their allegiance."

"Every specious argument was used; every conceivable power and influence were invoked for Gardner and against Bird. The result is startling. Today for the first time in its history, the Republican party is the third party in Massachusetts. The Progressive party is the only one with strength intact and is the second party there."

"Only in Massachusetts was the contest clear cut. In New Jersey the Republican candidate staked his fortunes on his advocacy of Roosevelt and his own assumed progressivism. The issue there was obscure. In Massachusetts there was no misunderstanding. The question was 'which party shall survive, the Republican or the Progressive?'"

"Massachusetts answered in no uncertain tones."

HARRINGTON IS EXAMINED.

Insanity Board Will Give Decision in His Case Today.

John J. Harrington, held for a week in the county jail, was given a hearing before the county insanity examining board yesterday. Harrington, his wife and daughter were among the witnesses who testified. The decision of the board will be returned at 10 o'clock this morning.

Harrington made an excellent witness in his own behalf. He answered several questions readily, going wide of the question, however, many times in his explanation of matters.

WELCOME FOR BRYCE

PILGRIMS' CLUB GIVES BANQUET IN HONOR OF LATE AMBASSADOR.

Bryce is Certain of Settlement of the Panama Canal Question.

London, Nov. 4.—A large and distinguished gathering welcomed the Right Honorable John S. Bryce, late British ambassador at Washington, at the dinner given in his honor by the Pilgrims tonight.

The American ambassador, Walter H. Page, read messages from the president of the United States, Joseph H. Choate, former ambassador at London, and others.

President Wilson's message was as follows:

"Few men have done more than James Bryce in strengthening the ties of friendship and brotherhood which united England and America and have been the cause of common aspirations and high example to the whole world."

BARNES SAYS WERNER ELECTED

Republican Candidate Probably Won
for Judge of Appeals—Do Not
Control Lower House.

New York, Nov. 6.—The election of Wm. E. Werner, republican, as chief judge of the court of appeals was claimed tonight by Wm. Barnes Jr., republican state chairman. Early returns had indicated a plurality for Willard Bartlett, democrat and independence league candidate.

Mr. Barnes conceded that the republicans had not elected a sufficient number of republicans to the state assembly to control the lower house. They elected only 74 members, he said, while 76 are needed for a majority.

President of Baylor University Speaks
at Hill County Fair—Races
Start.

Hillsboro, Tex., Nov. 6.—An address by Dr. S. P. Brooks, president of Baylor university and mentioned for the United States senate, at noon; the opening of the baby show in which there are more than a score of round-faced, cooling entries, at 1:30 o'clock in the afternoon; and the rendering of the first day's race program, beginning at 3 o'clock in the afternoon, were the features of the third day of the Hill County Agricultural fair, which will close Monday evening.

Nine automobiles, early in the morning, were set to work on the track by Manager Cornish, making the circuit of the track hundreds of times during the day to dry out its surface. Sunshine a part of the day materially assisted in the work and by the time the races were called, although still somewhat heavy, the course was in fairly good condition.

There were more people on the grounds today than yesterday in spite of the fact that the skies were threatening toward noon. Planks have been laid on the grounds from one building to another so that the visitor need not soil his shoes. All regular cars are making the stop at the grounds, as well as a special interurban shuttle train.

EUTERPEAN CLUB NOTIFIES

THE ASSOCIATE MEMBERS

Mrs. Randolph Wilson requests all associate members of the Euterpean club who have received tickets upon payment of dues to take these to the office at the Auditorium and exchange for reserved seats for their coming concert. In case any one has paid dues and has not received such ticket, Mrs. Wilson requests that she be notified at once.

HOW MANY ARE REMINDED

OF RESOLUTIONS PASSED?

If the roll were called and the response were, how many clubs have heeded the resolution passed at Fort Worth, but precious few could answer the resolution has been followed. This refers to the call from the music committee that the club women learn their own national songs, and make provision that the same be taught the children in the schools.

MISS MADELINE FRY

PASSED AWAY SUDDENLY

Mrs. J. W. Hale is just in receipt of a telegram which announces the sudden passing away of Miss Madeline Fry in Freepore, Ill. Miss Fry met many while at guests in the home of Mrs. Hale. Her health being indifferent she had prolonged visits to this city.

The friends made during these sojourns are now feeling the sad news with genuine regret. None is more saddened than Mrs. Hale, who was preparing for an early visit to Miss Fry.

BOXES ARE ALL ENGAGED

FOR EUTERPEAN CONCERT

The first public patronage by the Euterpean club will receive quite a social flavor. The artist herself, Madame Frances Alda, is heralded as a woman of social as well as artistic prominence. The boxes have been engaged by Mr. and Mrs. Edward Rotan, Mrs. Flora Cameron, William Aebel and Mr. Brian. These will form parties, the ensemble giving a brilliant outlook for the artist as she appears for the first time before a Waco audience.

THE HOME ASSOCIATION

HAS ANNUAL MEETING

Owing to the demands on Cotton Palace work of so many members, the annual election of officers for the home was deferred. Instead, those present devoted the time towards arranging for the annual Thanksgiving tea at the home. It is all decided to hold this on Monday afternoon, Thanksgiving. No cards will be sent this season, but other arrangements perfected to make this the significant annual event which it has come to be.

ALL IS IN READINESS

FOR THE STATE FEDERATION

The coming week finds the convictee gathered in Corpus Christi. The program is unusually good, and provides for discussion along all lines of the Texas club woman's activity. In addition, one of the former national presidents will be the guest of the federation. Good speakers along lines of new endeavor are to appear. The Corpus Christi women have made more than ordinary preparation for the social side in this great gathering. Indications are, that the attendance will be a record breaker. So, it is all for Corpus Christi with Monday and Tuesday.

ALL WOMEN WILL NOTE

THE ASSIGNED PLACE

Every woman who will appear in the parade on Saturday is earnestly requested to clip the order of formation as found in the daily press, and to retain. The letters will be large, conspicuous and on signs. Go where the assignment is, and wait until the marching order is given you the exact place and signal to start. Women, this is more than urgent; heed. Do not ring any one for information. Watch the printed program; go where you are assigned as to street, and you will then see the letter. Take station under the letter and remain there.

THE RESOLUTION COMMITTEE

REMINDS DELEGATES

Again, as the time is near at hand, the chairman of resolutions for Corpus Christi pleads that the delegates be cautious how they introduce resolutions; not that many are not well worth attention, but that the many passed divide club endeavor that none receive the proper attention. The good things in this world are many. But, when real good is accomplished, it is the one thing well done which counts. So, let us leave Corpus Christi, a united body, to promote a few things really worth while rather than the body so pledged that nothing can be satisfactorily performed.

Several seasons ago by Mr. Curran, of Ohio, was the guest of his daughters here, the late Mrs. E. E. Thompson and Mrs. Frank Howells. This interesting gentleman, many individually and more than once an appreciated guest in the Current Event club. He returns to pleasing memory through the most valued and admired place in the art collection of the Cotton Palace. The old man in the number light is playing the violin to the tiny girl at his knee. The artist is the famous Charles Curran, son of the subject in the picture. Many are admiring the piece as art not knowing that it has any personal association here.

A BIRTHDAY DINNER GIVEN

TO HOLLOWAY SMITH

As one of the cozy little companies to add to Cotton Palace pleasure, came the dinner party with which Mrs. Smith took recognition of the fiftieth birthday of the good husband. In this the closest associates of Mr. Smith were bidden for dinner and adjournment to the Cotton Palace. Mrs. Smith at all times a dainty tasteful matron, decorated her dinner table with a cluny piece, and used the pink carnation for her center vase. The menu was attractively served to the men only. The guests who thus gave greeting to their friend of half a century were T. K. Sparks of Ohio, J. R. Milam, H. W. Carver, H. K. Brewer, Henry Harrison, Lewis, Ed Barrett, H. W. Lanham, H. C. Black and E. F. Drake.

THE BETTER BABY SHOW

IS BECOMING GENERAL

The idea of the Better Baby Show is gaining favor with the women of Texas. Fort Worth and Dallas have had these exhibitions. Now comes another in connection with the farmers' congress. This is only the van guard. Many mothers appreciate the value of this, and women who have hitherto shown no interest in other movements of women, are vitally concerned in this.

Evidence was given with the Baby Show held last Monday at the Waco Cotton Palace. More than a thousand babies were entered; many from the city and many others from surrounding towns. In advance inquiry, both mothers and fathers insisted that it be a better baby contest, not a beauty baby show. This is evidence that the Better Baby is going abroad Texas. Club women should encourage the movement. Many a mother will be directed along a line of child culture which never before reached her humble thought.

THE WOMAN'S PARADE

TO MOVE STRICTLY ON TIME

It cannot be impressed too strongly upon the women that the parade on Saturday is to move strictly on time. On the review stand will have a weary wait; the matrons of the tea room will wish to brew their beverage fresh; the street cars cannot be detained too long a while; thousands will grow weary of standing on the street. These are some of the reasons why 1 o'clock means that hour and one for all to be in line. But, more than all this, woman's reputation for systematic planning and orderly procedure is in the balance. It must come out to the credit of the women. Therefore, Mrs. Bass, Mrs. Lennox and Sheriff Marshal Fleming all announce emphatically that at 2 o'clock the woman's parade begins to move, whether there be one float or 100, or all ready. So, even if the final touches are not made, let the vehicle move to the appointed place in order that the move may be made at the stroke of 2 o'clock.

MRS. EDWARD ROTAN

A GOVERNOR'S APPOINTEE

It is now announced officially that the interest taken by Mrs. Edward Rotan in the Waco fair, and other women's charity promotion for Texas, has been recognized by Governor Colquitt. The first appointment of Mrs. Rotan places her upon the board which shall make possible the Texas Homes for Wayward Girls. The past week she has found a committee made by Governor Colquitt for Child and Animal Welfare, and Mrs. Rotan is placed here. The above is significant, for it shows that the humane sentiment for which the club women have been working in the administration of Mrs. Wright is now coming to fountain head. This does not mean the cessation of the club women's work for humane treatment of the child and the animal. But it does mean that there will now be some crystallized source from which the movement may be directed. This body will work in the interest of the dependent and the cruelly treated child, also for the welfare of the animal in its broad sense. But, there must ever remain the humane Society in every town for the practical work of the cruelty practiced at almost every door. Mrs. Rotan, who is not actively engaged in club work now, is inclining more and more to the welfare of humanity in this state.

WARD WEDDING BRILLIANT

IN ALBANY SOCIETY

Not only to the town of Albany, where the bride has lived all her life, the daughter of one of the most prominent families in her section of the state, but to the surrounding towns, even at Texas, the marriage of Miss Camille Downs Webb, daughter of Mr. and Mrs. Sam Webb, to Joseph Ward of Bartlesville, Okla., was an event of more than passing moment.

The wedding was held at the home of the bride, and was a most brilliant affair. The bride was accompanied by her father, Mr. Sam Webb, and her mother, Mrs. Webb. The groom was accompanied by his father, Mr. Joseph Ward, and his mother, Mrs. Ward. The ceremony was performed by Rev. J. H. Carter, pastor of the Presbyterian church in Albany. The reception was held at the home of the bride, and was a most brilliant affair. The bride was surrounded by a large number of relatives and friends, and the occasion was a most memorable one.

Mr. Ward is a former resident of Albany, having come to Waco, where he is now residing. He is a well-known and respected citizen of Albany, and his marriage to Miss Webb is a most desirable one. The wedding was a most brilliant affair, and the reception was a most memorable one. The bride was surrounded by a large number of relatives and friends, and the occasion was a most memorable one.

SOCIETY GIVES PATRONAGE

TO COTTON PALACE SEASON

Not only did society assemble, almost to the single member, at the Cotton Palace on Wednesday night, but hundreds, even to the thousands, assembled to be spectators at this scene of artistic beauty and brilliancy. Nothing but praise was accorded the designer of the decorations as they were placed during the afternoon. A committee consisting of the Mesdames Harold Sims, Frank Wheeler, Walter Fort and Lee Cowan, with the Mesdames Marian Duncan, Lillian Westbrook, were requested to superintend this feature and these did their work well. So well, did the decorations that the society hall to be admired by all visitors who did not have the first glimpse on Wednesday evening.

thousands who had assembled to see what Waco society had in store as their tribute to our Cotton Palace.

The Ball Opened.

Promptly after the concert by the Ellery band, the musicians of Alessandro's band took station on the platform. The Misses Kate Friend and Kate Edmond took center station under the basket shower, to await the coming in opening promenade of the two hundred couples. The men, many of them paid homage to the season by a chrysanthemum ball as boutonniere. The women had flowers of every kind as adjuncts to their beautiful ball dresses. This being the first formal ball of the incoming season found an array of new season costume, many handsome, some imported, and all an ensemble of beauty. The fashion of rhinestone and cut steel this year, together with the flash of jewels, added a sparkle to the color tone. As the couples headed by Mr. Luedde and Miss Enrique Smith filed by for their programs, the lights of the coliseum vanished, and in their stead twinkled myriads of rays through the lattice of every basket. Immediately the immense throng broke forth in applause. On the floor were matrons of Waco society, society matrons of other Texas towns, debutantes of this season's society girls, and many visiting Texas girls. This was really a tribute of Texas society to the Waco Cotton Palace. The program called for sixteen dances, and from the opening promenade until the last waltz of Alessandro's band, there was all the enjoyment of a brilliant formal society function.

Society Notes.

Mrs. Gregg Waddell, formerly Miss Mrs. Kettis, is now permanently domiciled with the Misses Halbert, Twelfth and Jefferson.

Did you note that President and Mrs. Wilson sent the wedding invitations for their daughter by hand to the residents in the city? This means, we wonder if this style is to extend to other citizens of sending home wedding invitations by messenger. We rather like the personal attention. The Wilsons sent their invitations by the men servants of their household.

While women of the many organizations who are working loyally for the success of the woman's parade, are all noting the various phases of woman's activity as these pass under review in Cotton Palace park on Saturday.

Mrs. A. V. Cross will be matron to a brilliant coming-out party after Cotton Palace season. This will be the formal presentation of Miss Lucile Hill at the Huaco club, both afternoon and evening.

The first private hostess mentioned for the Huaco club is Miss Enrique Smith, who entertains in courtesy to two of this season's debutantes, the Misses Frances van Dordie and Marian Duncan.

The young girl's room is best furnished with the brass bed effect, with enameled cream or French gray wood pieces. Every girl's private room should have her own writing desk. Do not neglect to report to the woman's department of the Morning News items of personal interest. You may have the very guest who has friends here pleased to know of her presence in the city.

There was a cozy little tea drinking in the afternoon at home where Mrs. Allan Sanford was hostess to the Mesdames Bass and Spell with Miss Kate Friend. These little withdrawals for a social tea drinking are quite the thing in Cotton Palace life. It is anticipated that a South Side amusement comes with the middle November days.

Guests will be arriving today and Friday for the marriage of Miss Gladys Graves, which comes with Saturday afternoon.

The cake contest over, it is now in order for the good cooks to be ready with bread for the culinary department of the Cotton Palace next Wednesday. Miss Esther Gross as chairman will make further announcements as the time comes nearer.

Heads of a lesson which will, especially young girls, should carry in form. When a plan is launched, always conform to the wish of the leader. This leader may not have the plan you think best, but it is the duty to follow. The next time your plan may prevail. In this connection be it said that one of the most popular of Waco's girls has won many encomiums for her readiness to do what is asked of her without question. Again, another girl has had the contrary said of her because she refused to fall in with the majority, and thus created untold confusion.

Are you ready to applaud what is meritorious when the woman's parade passes on Saturday? We hope you are. The rumor is afloat that two crooks were on the floor at the society hall to make a haul of diamonds. This means, introduced under assumed names perhaps, theirs was the plan to dance and slip the gem. Be that rumor true or not, it goes to prove that the society hall attracted attention, such as is done at the brilliant events of great cities.

It is now arranged that the beautiful decorations for the society ball shall remain in the coliseum until the end of the Cotton Palace season. In this way the artistic finish of the room will be admired by all visitors who did not have the first glimpse on Wednesday evening.

In calling at a home where there is a sick inmate, never request to be admitted to the sick room. Leave the invitation to come from the one who greets you. Yours is the call of courtesy and inquiry, theirs the privilege of deciding whether or not the patient is in a condition to receive company. The same applies in the home of grief.

PHENOMENON IS UNEXPLAINED BY ARTIST.

The famous unfinished and unexplained painting "The Shadow of the Cross," which is on exhibition in the southwest corner of the main building at the Cotton Palace this week, has attracted attention the world over. This picture is a marvel in more respects than one and has back of it a history that is as novel and interesting as it is strange. It is a life-sized painting of Christ. The painting is exhibited first in a well lighted gallery and the history of the painting given, the lights are then turned off and the room is in total darkness. It is then one sees the world-famous phenomenon; the Christ appears to be walking in the pale moonlight while above and behind the figure is seen a black cross. The artist had no idea of a cross when he painted the picture and had used only well known pigments, and the strange quality of his painting was beyond his power to explain; this discovery of a mysterious remains as much of a mystery as when it was discovered fifteen years ago. It is well worth a trip to the Cotton Palace just to see this famous painting. The exhibition is continuous.

MILL MEN MAY IGNORE WARNING

Continued from Page 1.

ton has grown up generally among cotton mill owners to own and operate gins as a means of disposing of controlling the seed supply.

Must Divorce Ginn.
"As it is our opinion that the ownership and operation of gins and ginning for the public by cotton seed mill corporations constitute a misuse of means and assets of such corporations and is a radical departure from the purposes of the corporation, it becomes our duty to insist that cotton seed oil mills, incorporated as such, shall divorce themselves from the ownership and operation of the ginning business, otherwise this department will be forced to seek a forfeiture of the charters of any such that do not, within a reasonable time, strip themselves of this class of property.

"We realize fully that cotton seed oil mills have heretofore engaged in this practice without any intention of violating the law, and for this reason we have not felt it our duty to proceed hastily, or to insist that oil mill corporations should immediately dispose of their property, where undue haste would work financial loss. Furthermore, we have assumed that most of the companies owning and operating gins arranged their plans for the season's operation on the idea of operating their gins, and we do not, therefore, insist, in this case, that the gin property must be disposed

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician of one of the prominent life insurance companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of these whose applications are declined do not even suspect that they have the disease.

According to this it would seem that a medicine for the kidneys, possessing real healing and curative properties, would be a blessing to thousands.

Dr. Kilmer & Co., Binghamton, N. Y., who prepare Dr. Kilmer's Swamp-Root, the well known kidney, liver and bladder remedy, claim that judging from evidence received from druggists everywhere, who are constantly in touch with their customers, and also indisputable proof in the form of grateful testimonial letters from thousands of reliable citizens, this preparation is remarkably successful in sickness caused from kidney and bladder troubles. Every interesting statement they receive regarding Swamp-Root is investigated and no testimonial is published unless the party who sends it is reported of good character. They base on file many sworn statements of recoveries in the most distressing cases. They state that Dr. Kilmer's Swamp-Root is mild and gentle in its action and its healing influence is soon noticed in most cases.

Swamp-Root is purely an herbal compound and Dr. Kilmer & Co. advise all readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—50c. and \$1.00. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Waco Morning News.

RADICAL CHANGES IN CURRENCY BILL

WRITTEN INTO ADMINISTRATION MEASURE BY BANKING COMMITTEE.

DEMOCRATIC SIDE IN SPLIT

Supporters of Bill Outvoted in All but One Point—Threaten Caucus to Discipline.

Washington, Nov. 6.—Democratic leaders in the senate decided late today that unless the senate banking and currency committee promptly moved back in the currency bill system fundamentals that should not be eliminated, a party conference or caucus would be called for the beginning of next week to consider the subject.

Telegrams were sent to absent democrats urging them to return to Washington at once. The senate had continued to make changes in the house bill to which supporters of the administration objected and a number of democratic senators at the white house during the day told President Wilson that no progress would be made by permitting the house bill to be buffeted about in a committee wherein the coalition of republicans and "insurgent" democrats would alter the entire theory of the measure. It is not known what position the president took. Newspapersmen who asked the president whether a caucus would be called were told that it was a subject for the senate to decide.

Quiet Work on Report.
Tonight it became known that four staunch administration supporters of the committee—Senators Owen, Hollis, Pomerene and Shafroth—had been working quietly on a report which they probably will submit to their democratic colleagues, Senators Reed, O'Gorman and Hitchcock. Should they decline to sign it is believed that the plan will be to submit the report to the democratic caucus or conference.

Senators who insist upon some kind of party action take the position that the democratic party will be required to stand sponsor for whatever legislation is enacted, that efforts to get a non-partisan report means interminable discussion and wrangling on compromise that would seriously delay the passage of the bill and embarrass consideration of the remainder of the party program in the regular session of congress.

Many senators still hope that a change of sentiment will yet develop in the committee and an agreement be reached before November 10, the date of which it had been expected by the white house and prominent administration supporters that a bill would be presented to the senate. President Wilson has not relaxed his determination to have the bill passed during the present session, but several democrats have indicated to him that they are restive under the delay and want to make the bill a party measure.

Many Radical Changes.

Amendments characterized by Chairman Owen as "altering the entire theory of the bill" were written into the administration currency measure today by a coalition of republicans and democratic members of the senate committee. The administration supporters in the committee were decisively outvoted on all but one of the points settled today and later the talk of a caucus of democrats to discipline the committee was reviewed. Notices were sent out summoning absent democrats back to the senate chamber, but no definite call for a caucus was issued.

Peep into the Orient.

Mrs. W. E. Spell, chairman; and Mrs. W. W. Woodson, vice chairman of the Arts and Crafts division of the 1913 Cotton Palace exhibit, the ladies of Waco and the men folks as well, take a peep into the Orient with them.

Mrs. Spell and Mrs. Woodson have a portion of the exhibits in the original booth assigned, on the south side near the upper east end of the main building.

BAYLOR MUSEUM IS ALLURING

Relics of Antiquity and Odd Specimens Garnered From All Quarters of the Globe Exhibited.

One of the best attractions at the Cotton Palace this year is the B. Baylor Museum, which is located in the former floral temple. In this temple may also be found the blind institute exhibits, the A. & M. exhibits, the exhibits of the Texas University and the Industrial School of Denton.

In the Baylor collection are to be seen Sioux Indian anklets, Indian money purses, Apache war clubs, and carved ivory from the Ivory Coast.

There are stuffed civet cats, armadillos, bears, squirrels of every variety, mice of all kinds, coyotes, mountain sheep, pumas, casts of the brains of alligators, pigeons, fish, frogs, dogs, etc. from China, Africa, India and other countries; a carved cup from Holy Palestine, carved from stone from the shore of the Dead Sea; a carved cup from Tlacotepec, Mexico; the African idol "Edu, the Devil," from Oghomshaw, West Africa; a sacrificial cup of the sun worshippers; Chinese idol, "The God of the Unwed World," from Yangchow, China; bronze idol 2000 years old, from the ruins of Karnak, Egypt; "Ori, the Woman's God," from Yomba Tribe, Oghomshaw, West Oghomshaw, West Africa; Shango, god of lightning with wand and thunderbolt from Aways, West Africa.

WOMEN READY FOR PAGEANT

RUSHING THE FINAL PREPARATIONS FOR THE BEAUTY PARADE.

"FORWARD, MARCH", AT 2 P. M.

Ladies Request Public to Give Them Clear Road in Austin Street From Third to Eighth.

All is in readiness for the celebration of Woman's Day, which promises to be the most attractive yet marking the Cotton Palace season of 1913. The parade through the streets of Waco will be the particular event of the day, the banner feature of the day's celebration.

The committee of ladies in charge last night made the request that owners of automobiles and other vehicles refrain from parking their cars, carriages and buggies on Austin street tomorrow, so that the route from Third to Eighth shall be clear for the parade.

Parade Starts at 2 P. M.

Woman's day has been made known far and wide, the grand pageantry is an event that the masses are looking forward to with unabated interest. Promptly at 2 p. m. the gorgeous pageant will move down Austin from Eighteenth to the square, from Austin to Franklin on Third, up Franklin to Thirteenth, thence to the Cotton Palace, where the beautiful auto floats and the entire parade will be reviewed by Governor Colquitt, Mrs. Colquitt and various honored guests on the reviewing stand.

Assemble at 1 P. M.

The various formation places for the different divisions have been fully announced. The official assembling places are in the hands of Chief Marshal S. S. Fleming and Assistant Leslie Skeall, also printed lists have been printed and placed at the public library, Mrs. J. W. Bass, general chairman of the women's departments, Mrs. F. J. Lennox, chairman of Woman's Day; Mrs. H. A. Weddington, grand dame marshal, and other ladies have worked unceasingly to apprise every one where they must go in order to be in their respective divisions. The Morning News of yesterday gave the parade formation and the respective divisions in full. Those participating are asked to assemble promptly at 1 p. m., so that the exact line-up of the various divisions may be properly worked out by those in charge, so that the parade may move promptly at 2 p. m. All not in line at the time will not be permitted to "cut in."

The Woman's Exchange.

Mrs. A. W. Koch, chairman of the Women's Exchange, reports most gratifying success in this division. The women of this section have placed with her most useful articles for sale, and as there is a commission which goes to the Cotton Palace, Mrs. Koch and her assistants are related with the sales already made. Indeed Mrs. Koch states that more room could be used if the space could be found, but the ladies are making the best of it and the articles made by the deft fingers of the women of Central Texas are being pushed. This department is destined to be one of the greatest features of the Cotton Palace, as it offers a place where women may place articles of their make on sale, before large crowds of folks interested in buying at reasonable cost such articles as are thus offered by worthy people, who have no other opportunity of displaying their handiwork.

Peep into the Orient.

Mrs. W. E. Spell, chairman; and Mrs. W. W. Woodson, vice chairman of the Arts and Crafts division of the 1913 Cotton Palace exhibit, the ladies of Waco and the men folks as well, take a peep into the Orient with them.

Mrs. Spell and Mrs. Woodson have a portion of the exhibits in the original booth assigned, on the south side near the upper east end of the main building.

BAYLOR MUSEUM IS ALLURING

Relics of Antiquity and Odd Specimens Garnered From All Quarters of the Globe Exhibited.

One of the best attractions at the Cotton Palace this year is the B. Baylor Museum, which is located in the former floral temple. In this temple may also be found the blind institute exhibits, the A. & M. exhibits, the exhibits of the Texas University and the Industrial School of Denton.

In the Baylor collection are to be seen Sioux Indian anklets, Indian money purses, Apache war clubs, and carved ivory from the Ivory Coast.

There are stuffed civet cats, armadillos, bears, squirrels of every variety, mice of all kinds, coyotes, mountain sheep, pumas, casts of the brains of alligators, pigeons, fish, frogs, dogs, etc. from China, Africa, India and other countries; a carved cup from Holy Palestine, carved from stone from the shore of the Dead Sea; a carved cup from Tlacotepec, Mexico; the African idol "Edu, the Devil," from Oghomshaw, West Africa; a sacrificial cup of the sun worshippers; Chinese idol, "The God of the Unwed World," from Yangchow, China; bronze idol 2000 years old, from the ruins of Karnak, Egypt; "Ori, the Woman's God," from Yomba Tribe, Oghomshaw, West Oghomshaw, West Africa; Shango, god of lightning with wand and thunderbolt from Aways, West Africa.

The unparalleled success of SOVEREIGN is puzzling other cigarette manufacturers. Southern smokers can tell them the reason—better quality.

The new SOVEREIGN Factory at Durham, N. C., is the brightest, cleanest, most modern cigarette-making plant in all the sunny South.

To this model factory comes the pick of the Virginia-North Carolina tobacco crops—selected by the greatest Southern leaf-experts in America—aged to thorough sweetness and mellowness.

Here this fine, flavory,

Old Belt tobacco is made into SOVEREIGN cigarettes by the latest improved machinery—rolled in the most expensive cigarette paper ever imported from France. This paper doesn't smoulder and "go out" in smoking, but burns evenly with the tobacco.

SOVEREIGN has given the South a new and higher standard of quality—a greater enjoyment than ever before—AND THE SOUTH KNOWS IT.

Boston, Nov. 6.—When Mr. and Mrs. John J. Glover of Kansas City, Mo., arrived from Liverpool on the Franconia today the customs inspectors confiscated a heron aigrette on Mrs. Glover's hat.

"It's a mighty good law and I'm glad it was passed," said Mr. Glover to the officers when they explained the reason for their action.

Four other passengers parted with their aigrettes.

Just one application doubles the
beauty of your hair, besides it imme-

dandruff; you cannot have nice, heavy,
healthy hair if you have dandruff. This
destructive scurf robs the hair of its
lustre, its strength and its very life,
and if not overcome it produces a
feverishness and itching of the scalp;
the hair roots flail, loosen and die;
then the hair falls out fast.

If your hair has been neglected and

INDIA HAS BANK FAILURES

Unusual Number Causing Alarm—The
Government Will Restrict Use
of the Term "Bank."

Calcutta, Nov. 6.—The long string of
bank failures in India is causing much
alarm and the government has no intention
of imposing income restrictions on
solid banking institutions conducted by
either foreign or domestic capital.

Some of the causes of the new measure
provided today by the Marquis of Crewe,
secretary of state for India, bear striking
resemblance to the provisions of the cur-
rency law now before the American con-
gress and it is believed that the Indian
government has availed itself of informa-
tion furnished as the result of the Wash-
ington hearing on banking and currency.

India also has banking problems pec-
uliar to herself. The Indian public is
slowly abandoning the time-honored cus-
tom of burying its gold and adopting the
more lucrative practice of bank deposits
bearing interest.

The government considers that this
practice should not only continue un-
checked, but should be encouraged by
legislation which will make the deposits
as safe as possible.

CHARTER COMPLETED; READY FOR ADOPTION

Long and Arduous Task of General Com-
mittee Will End With Formal Action
Next Wednesday.

FINAL SESSION WAS A LOVE-FEAST

City's Bond Issue Limit Is Reduced From 12 to 9 Per
Cent. of Taxable Values—Compliments Exchanged
and Charter-Makers Rest.

The work of the charter revision
committee is completed. The final
session, with the exception of one
other meeting for the formal accept-
ance of the document, was adjourned
at 10:45 o'clock last night, after a
three hour session.

The final meeting will be held
Monday night. At this time a com-
mittee appointed last night and com-
posed of Judge Marshall Surratt, legal
adviser to the committee, Col. A. R.
McCullum, chairman of the commit-
tee, and Joe G. Wren, secretary, will
report back with the charter complete
with all amendments inserted.

The Final Session.

The final half hour's session of the
committee was of a social nature.
Compliments were strewn about the
table around which the members were
assembled, and when adjournment
was reached almost every one who
had connection with the work of the
committee was the recipient of an ex-
pression of thanks. The first expres-
sion came when E. F. Carroll moved
that the charter committee mem-
orials be placed on the table to com-
mence the city commission to increase
the fee of Judge Surratt as legal ad-
visor to \$1000. The commission has
allowed \$1000 for this purpose.

Mr. Carroll recited the work that
Judge Surratt had put into the new
city charter, complimenting him upon his
tireless efforts and effective work.

Mr. Carroll's motion carried, with
various members of the sub-commis-
sion speaking in praise of the judge's
work. Crute Dalton of the general
committee then moved that a vote of
thanks be extended to the sub-com-
mittee for their work on the charter.
Forrest Goodman of the sub-commis-
sion moved that an expression of
thanks be extended to the general com-
mittee for their assistance. L. Mikel
moved that a vote of thanks be ex-
tended to Chairman A. R. McCullum,
and all of the motions prevailed with
a will. Motion was also made to in-
crease the remuneration of the secre-
tary, but Mr. Wren, who holds an
office as city official, asked that this
matter be deferred. Judge Surratt
replied to the expression of the com-
mittee in appropriate words.

Happy Committeemen.

In all it was a happy charter com-
mittee when the final pages of the

long list of amendments were com-
pleted last night and when it was cer-
tain that permanent adjournment was
near.

The committee did rapid progress
at its last regular meeting.

On assembling the meeting Chair-
man McCullum stated that it was
hoped to complete the charter last
night and for that reason the rule re-
garding time limit of discussion would
be observed. The first busi-
ness was to allow \$150 for stenogra-
phic work on the charter when the
document was in the hands of the
sub-committee. This amount will be
recommended by the committee to the
city commission.

From 12 to 9 Per Cent.

One feature of the last session was
that of a reduction in the percentage
of bonded indebtedness that could be
created. McCullum moved to amend
the charter to provide that the
amount of bonded indebtedness of the
city and outstanding and unpaid bills
never exceed 9 per cent of the tax-
able valuation, reducing the amount
from 12 per cent. In support of his
amendment Mr. McCullum said the
city now had bonded indebtedness of
two and a half million dollars, and
as the law now stands it would be
possible to increase this amount to
four million dollars. He said as the
city was growing a limit should be
set. He favored the progress and was
to vote for schools, health and streets
and parks, but wanted a limitation,
and made the suggestion to reduce
the bonded indebtedness.

D. E. Hirschfield offered a substitute
to make the amount 10 per cent, stat-
ing that the city had \$500,000 in cash
and property to take care of the
bonds. To this McCullum said he un-
derstood that Hirschfield for the original
paving of Columbus street and some
of the bonds for the old city hall had
not been retired. George Robinson
opposed putting a limitation on the
city commission, stating a continen-
tal might be deferred here it would be
necessary to float an unusual amount of
bonds.

Mr. Hirschfield's substitute was
voted down, and Spencer offered a
substitute that the figure be changed
to 9 per cent and that this applies
to all except for bonds for revenue
producing utilities.

Adopt Motion and Amendment.
The McCullum motion carried with
the Spencer amendment attached, and
the final provision limiting the debt
not more than 9 per cent of such in-
debtedness shall be used for purposes
other than for acquiring public ser-
vice utility plants, and not more than
2 per cent for the exclusive purpose
of acquiring and maintaining such
utility plants.

No Poll Tax Requirement.
The committee struck out the poll
tax question in Waco and in the fu-
ture so city poll tax will be required
to entitle a vote in whole parties ac-
cording to the amendment stating the
poll tax system was wrong on
general principles. At present the
poll tax system is in vogue in Waco.

Amendment by Crute Dalton to re-
quire the city treasurer if he be an
individual to have a depository as an
additional security, was voted down.
Amendment offered by Rev. E. E.
Ingram to provide that the saloon
license remain as they now are, was
withdrawn. It was stated the only
change made was to take in a building
between First and Second streets.

Mayor May Suspend.
The city commission was given the
option of placing in force a whole tax
by an amendment introduced by Mr.
Hirschfield.

The mayor is given the power to
suspend any elected officer of the city
except a member of the board of edu-
cations and the water board, such
suspension to be in effect until the
next meeting of the commission.

The question of whether the city will
change the fire department to a paid
system will be submitted to the voters
on the alternative. This is provided
for in a resolution drawn by Judge
Surratt and passed by the committee.
The resolution also embodies all ques-
tions that will be submitted on a sim-
ilar vote.

New Offices Created.

Both a building inspector and a fire
inspector will be created by the com-
mission under the amendment intro-
duced by Mr. Dalton. This amend-
ment was presented, Mr. Dalton said,
at the request of Dan Nicholson, the
present fire marshal. It provides that
the building inspector shall have had
at least ten years' experience in the
construction of buildings. Mr. Dalton
also read a letter from S. W. English,
state fire marshal, stating that the
fire rating board had informed the
Port Worth charter committee that
the two offices could not be combined
and the best fire insurance rate be ob-
tained.

An amendment was passed as in-
troduced by Hirschfield providing that
no city officer shall receive compen-
sation other than their salaries from
the city when acting in their official
capacity.

Amendment was adopted under
which the commission can require the
street car company or companies op-
erating in the city to place lights at
a distance of half a mile apart on the
streets.

No Increase for Mayor.
Hirschfield moved that the mayor's
salary be increased from \$2400 to \$2500
per year, to conform with the pro-
posed increase in commissioners' sala-
ries. The motion was voted down on
a two-thirds vote that was required
to reconsider.

Peyton Randle moved to amend the
charter so that the water company
would be compelled to reduce the rate
25 per cent. The motion was lost, but
Mr. Randle said the present rate had
been constantly increasing and other
members of the committee stated the
same.

Hirschfield presented amendment to
require that in the future when ad-
ditions are made to the city the per-
son making such additions be com-
pelled to make the streets and alleys

when it is expected the charter will
be in readiness for final acceptance.

It is stated that only a few minutes
will be required to complete the work
of the committee at the Monday meet-
ing.

KIRBY IS DETAINED IN CHICAGO

Senator Wires That He Will Be Un-
able to Speak Here on Travel-
ing Men's Day.

Jim Lewis and his Traveling Men's
day committee are casting about today
for a man with a silver tongue and
some other like qualifications to fill
the shoes of Senator John H. Kirby
for Monday night.

Traveling Men's day is the day. The
man is yet to be selected and secured.
The hunt began last night when the
following telegram was received, dated
Chicago:

"Dear Sir—I am very sorry that it
will be impossible for me to reach
Waco on Saturday. I am in the midst
of an important transaction, which
must be concluded while parties are
here. Had hoped to finish in time to
keep our Waco engagement by leaving
tonight, but that is now impossible.
Please express my regrets to my
friends here who have honored me
with this invitation. Best regards to
all friends. JOHN W. KIRBY"

Committee is Woe-girt.
When the telegram was communi-
cated to members of the committee
by Mr. Lewis, general disappointment
was expressed and the committee is
now enveloped in a dense web of
gloom. A strenuous effort will be
made today, however, to secure a sub-
stitute to deliver the oration for which
Senator Kirby was programmed.

WOMAN RUNS A BUNCO GAME

Texas Men Swindled in Fake Mar-
riage Bureau Scheme—Mrs.
Anna Taylor Held.

Kansas City, Nov. 6.—A tale of the
successful operation throughout the
central west and in a number of
southern cities from 1904 to 1910 of
matrimonial bureaus and fake busi-
ness investment schemes, which yield-
ed her hundreds of dollars, was told in
federal court here today by Mrs. Leon
Alden, who is on trial under the name
of "Mrs. Anna B. Taylor" for using
the mails to defraud. The woman is
specially charged with having de-
frauded W. F. Rison of Tarkio, Mo.,
R. F. Guy of Lanesville, Tex., and G. J.
Doll of Yale, Okla.

Three men were induced, according to
the testimony, to invest their money
in a business which Mrs. Alden was
promoting.

To them the woman made promises
of marriage, they testified. Scores of
letters that are alleged to have passed
between the woman and her alleged
victims in the present case were read.

Mr. Guy was the heaviest contribu-
tor, having given Mrs. Alden \$1,500,
according to his testimony. Mr. Rison
declared he gave Mrs. Alden \$125
for investment and Mr. Doll testified
to giving her \$300.

Mrs. Alden became acquainted with
the men through advertisements for a
business partner.

The testimony of Mrs. Alden fixed
the places and dates of the operations
of her matrimonial agencies as fol-
lows:

Port Worth, Tex., 1904; Dallas, Tex.,
1905; Houston, Tex., 1907; Beaumont,
Tex., 1908; Shreveport, La., 1909;

ARGUMENTS IN BEILISS CASE

Name of Dead Boy Barely Mentioned
in Closing Speech of the Pros-
ecution.

Kiev, Nov. 6.—The name of Mendel
Beiliss, who is standing trial for the
alleged murder of the Christian boy,
Andrew Yushinsky, was barely men-
tioned in the closing speech of the
prosecution today. This was ob-
served by auditors as the same thing
that happened when counsel delivered
his opening speech on the indictment.

Toward the end of his address today,
the prosecutor expressed profound
conviction that Beiliss was guilty and
remarked that the accused had been
seen dragging young Yushinsky to-
ward the brick furnace where Beiliss
was employed. He added:

"Mendel Beiliss was probably an ex-
cellent father and a virtuous man, who
lived modestly and was certainly reli-
gious, but does this preclude the pos-
sibility of the perpetration by him of a
crime which, from his standpoint, was
not a crime? He regards himself as
an expiatory victim for his co-religion-
ists."

Counsel for the prosecution then
dwelt on the clay found in Yushinsky's
clothing, which, he says, resembles
that of the soil where Mrs. Beiliss
went to live after the arrest of her
husband.

The stable was whitewashed before
the visit of Krasovsky, the detective,
and was burned down three days be-
fore the arrival of the magistrate in
charge of the preliminary investiga-
tion.

Counsel for the prosecution argued
that the only medical and mental ex-
pert testimony worthy of credence was
that brought forward by the prosecu-
tion. He especially praised Professor
Siborski, who, he said, "notwithstand-
ing illness and his knowledge of the
storm which would burst upon him,
not feared to come into court and test-
ify that the crime had been com-
mitted by Jewish fanaticism with the
object of obtaining blood."

M. Zamiatovsky, counsel for the
Black Hundred, followed counsel for
the prosecution, repeating the prosecu-
tion arguments, but, contrary to
expectation, in a tone of great modera-
tion. His restraint is generally at-
tributed to powerful external influ-
ence.

Americans Protest.

Washington, Nov. 6.—Protests from
Americans against the prosecution of
the "ritual murder" case now on trial
at Kiev, Russia, will not be forwarded
through the state department. Prominent
Christian clergymen who called on
Secretary Bryan today with a peti-
tion addressed to the czar of Russia,
urging that the charge against the
Jew, Mendel Beiliss, be withdrawn,
were told that the department could
not transmit the document because it
was understood that the Russian gov-
ernment did not desire to receive such
a communication.

The petition was then sent to the
Russian ambassador. It appealed to
the czar to stop the trial of Beiliss
"because of the untold evils to the
cause of humanity which may follow
from its further prosecution." Recit-
ing the history of "ritual murder"
charges, the petition said: "We are
convinced that the blood accusation
against the Jews, which has been made
sporadically, is as unfounded as was
the same accusation as, which history
shows, is finally directed against the
early Christians."

The appeal was signed by Cardinal
Farley, the Catholic bishops of nearly
every city in the East and many lead-
ing ministers and religious editors of
other denominations.

WOMAN CONDEMNED TO DIE

Mrs. Bessie Wakefield Transferred to

in the murder of her husband, Wm.
O. Wakefield, was transferred from
the county jail at New Haven to the
state prison at Wethersfield today.
She will remain in the women's sec-

cution.

The movement to secure commuta-
tion of sentence is gaining headway.
Mrs. Thompson N. Hepburn, presi-
dent of the Connecticut Women's Suf-
frage association, today stated that
she believed she voiced the senti-
ment of all suffragettes in Connecticut
in saying that she did not believe Mrs.
Wakefield should be hanged.

LOUIS GABERT The Leading Tailor

Temple Yuletide Jubilee.
Temple, Tex., Nov. 6.—The chamber
of commerce is making extensive ar-
rangements for the exploitation of its
first annual Yuletide jubilee, which
will be held on December 3 and 4. W.
M. Woodall has been named as di-
rector general with the following com-
mittees to assist in the work: Plin-
ance, E. W. L. Hartman, C. J. Daniel,
A. L. Flint; fireworks, T. C. Walker,
W. F. McGregor, P. L. Downs Jr.;
publicity, B. N. Jarrell, Terrell Allen,
C. B. McClain; auto parade, L. B. Wil-
liamson, George Houghton, D. B.
Baugh; farmers' parade, A. B. Crouch,
C. W. Barrett, C. L. E. Brun; music,
C. E. Winn, T. B. Englewood, B. Booth;
decorations, G. E. McElvey, C. W.
McKeehan, John W. Day. A contract
has been made with a Kansas City
fireworks company to put on a fire-
works display. Other unique features
of entertainment are being provided.
Low railroad rates will be in effect
during the jubilee.

Crissell Case at Hallettsville.
Hallettsville, Tex., Nov. 6.—The state
expected to complete today its testi-
mony in the case of Paul McAllister,
a former ranger, charged with the
murder of Police Chief Crissell of
Brownsville, transferred here on a
change of venue from Cameron county.
Forty witnesses will testify for the de-
fense and the trial will consume the
balance of this week. The trial began
Monday.

Denison City Expenditures.
Denison, Tex., Nov. 6.—In twenty
minutes last night the city council
spent \$20,969 allowing bills, salaries
and partial payments on public build-
ings in course of construction.

Japan Refuses Extradition.
Tokio, Nov. 7.—The extradition to
the United States of John Ellis, busi-
ness manager of the Japan Advertiser,
has been refused by the government.
Ellis was arrested October 13 on a
requisition from the American am-
bassador on a charge of perjury. He
was said to be wanted in Boston for
the abduction of his daughter. Ab-
duction is not an extraditable offense
and for this reason the American am-
bassador asked for the arrest of Ellis
on a perjury charge.

READ THIS
I believe that Waco will double her present population in the next ten years. I base this opinion on the following: Waco is the center of the state and is surrounded by the cream of the black land belt of Texas; has the railroad to make a city. The interurban, just completed from Waco to Dallas, is the first in the system that eventually will extend its lines over all roads leading out of Waco. Waco has an inexhaustible supply of good water, a splendid public school system and a university second to none in the state. Property in Waco has doubled in value in the last ten years. No one will make a mistake in investing in Waco. In business property in Waco or in lands near the city. Having had many years of successful experience I enjoy a wide acquaintance among persons who rely on my judgment and integrity as a substantial real estate man. Here is an opportunity for any one wishing to buy or sell at the right price.

5,000 VISIT THE LOG CABIN

High Officers of the Woodmen of the World Will Come Tomorrow.

There will be a great day in Woodcraft on Saturday. Several of the most prominent members of the Woodmen of the World and the Women's circle of the order will be at home in the cozy log cabin erected by the fraternity on the Cotton Palace grounds for the comfort and convenience of the thousands of the members who are making the exposition an occasion to fraternize.

Harris, head banker and editor of the Woodmen Journal; Miss Dora Alexander of Omaha, Neb., supreme clerk of the Women's circle; H. A. Thomas of Fort Worth, supreme representative and state manager, of Fort Worth; Mrs. Maggie Hyde of Dallas, grand guardian of the Women's circle, and other prominent officials of both the Woodmen of the World and Women's circle will attend the Cotton Palace Saturday and meet all visitors at the log cabin.

James D. Alexander, assisted by various reception committees, has provided rest rooms most charming for the Woodmen and ladies. The register shows that over 5,000 have visited the cabin up to date, and it is expected that at least 20,000 will be the registration for the Cotton Palace closes, as the best days of the exposition are to come.

DANCING GIRLS PLEAD GUILTY

THREE WOMEN AND THREE MEN FINE—CRIPPLE GOES FREE.

BAN ON IMMODEST EXHIBITIONS

Demand for Automobile Licenses Falling Off—News of Criminal and Civil Courts.

Five persons, three men and three women, arrested Wednesday night in a raid on two shows in operation at the Katy park, entered pleas of guilty to making an indecent exhibition in Justice Harvey M. Richey's court yesterday. They were fined \$1 each and costs making the total in each case \$14.85.

Those fined were Herbert A. Williams, Mrs. J. A. McCurdy, L. C. Hamilton, Minnie Edwards and Ada Smith.

Cripple Goes Free.

Henry Abney, arrested at the same time, was released, the county attorney in charge of prosecution ordering the dismissal of the charge against him. Abney is a cripple. The two shows, "Pretty Pauline, Way Down Deep" and "Zanone", the former a mirror show and the latter a dancing exhibition, were closed by the raid and will not be re-opened.

The exhibitions were being given by white women in the presence of a negro audience, at the negro carnival, which is in progress at the Katy park.

Plea of the Accused.

The defendants pleaded to the court that they did not know that they were being booked for indecent exposure and were of the opinion they were to show at the Cotton Palace. When they arrived here, however, they stated they were without money and were compelled to make the exhibition. The raid was pulled off under the direction of a member of the county attorney's office, by members of the constable's department.

No Auto License.

No automobile or motorcycle licenses were issued by the county clerk's office yesterday. This is rather unusual, for lately the automobile business has been exceptionally good, with an occasional purchase of license for the motorcycle licenses.

W. R. Rush, charged with aggravated assault and battery, dismissed.

JUSTICE COURTS.

Herbert A. Williams, Mrs. J. A. McCurdy, L. C. Hamilton, Ada Smith and Minnie Edwards, entered pleas of guilty to making an indecent exhibition and were fined \$1 each and costs, totaling \$14.85 each.

J. J. Padgett, Judge.

John Adam, negro, charged with gaming, won his case in justice court yesterday four to two. The jury which tried Adam reported that they were unable to agree upon a verdict. Attorneys for the state and defense offered to accept the verdict of the majority. Adam had four on his side. Robert Lee, disturbing peace, \$15.20.

Henry Sims, disturbing peace, \$14.85.

Tom Lon, disturbing peace, \$15.20. Lon is a Chinaman who conducts a cafe where negroes are his customers. According to the evidence a negro woman ordered a dozen oysters. Lon charged her seventy cents for the fried. She objected, and he is said to have dashed a cup of coffee in her face. The fight followed. The woman has not been tried.

ACCOMMODATIONS FOR NEGROES

Seats Provided in Coliseum for Colored People and All Attractions Open to Them.

Information has reached the Morning News that announcement was made at one or more of the negro churches Sunday night that the directors of the Cotton Palace had declared that negroes were not welcome at the Cotton Palace.

No such action has been taken by the officials of the big exposition. Special arrangements have been made by the Cotton Palace for seats for negroes at the coliseum.

Seats for Colored People. Last year the exhibits from the negro organizations were given special place, and every effort has been made to encourage the attendance of all people who cared to see the big show. Among the citizens of Waco there are some enterprising negroes. They want to encourage the Cotton Palace and all local enterprises and there has been no action by the officials that would reflect their assistance.

EXPERTS GIVING DAILY LECTURES

EXTENSION DEPARTMENT EXHIBIT OF THE UNIVERSITY OF TEXAS.

STUDENT ACTIVITIES SHOWN

Domestic Science, Child Welfare, Public Sanitation and Other Subjects of General Interest Treated.

The extension department exhibit of the University of Texas at the Cotton Palace is one of the most complete collections of information, pictorial illustration and general data on the work of the sociological and domestic department of the university that has ever been exhibited in this city.

The exhibit includes daily lectures on domestic science, child welfare, public sanitation, milk regulation, public sanitation and other exhibits.

Plans of Department. The university has responded to the demands of the people of this state in the establishment and maintenance of extension work. Under the recently organized plans the extension department consists of seven separate and distinct divisions, each division being under the direction of a specialist in some particular line of public activity.

By means of lectures, state and county campaigns, correspondence courses and a distribution of bulletins, a systematic endeavor is being made to render definite service to all classes of people.

The exhibit of the university occupies a space of 30x60 feet in the education building. This space is divided into booths, each booth containing models, charts and public interest and activity. All the exhibit is new, having been prepared within the past two or three months.

Daily Lectures. A commodious lecture room is also provided for daily lectures in domestic science. This work is under the personal direction of Miss Jessie Rich, a specialist devoting her entire time to field work on this subject. Each afternoon at 4 o'clock Miss Rich will deliver a lecture upon home cooking, actually preparing the dishes as she explains the processes. Many charts relating to food values are displayed for the benefit of those interested in a scientific and comprehensive study of foods.

The interest manifested in the Cotton Palace has thus far been gratifying. All ladies living in Waco or visiting the Cotton Palace are invited to attend these lectures.

Child Welfare Exhibit. One of the most interesting exhibits is that relating to child welfare. These pictures represent practically ten years of work by the National Child Welfare committee. There are nearly 2,000,000 child workers in the United States under 16 years of age. Placed under the supervision of the National Child Welfare committee, these children are at work in more than 100 occupations. A portion of this exhibit illustrates constructive measures that are now being taken by the child workers of the country.

Good and Bad Houses. The photographs and explanations in another booth illustrate actual conditions which exist elsewhere in good and bad houses. These pictures were collected by Prof. Charles R. Austin, head of the division of public welfare during a recent investigation in New England and Europe. While many of these conditions do not now exist in Texas, it is a fact that the industrial conditions of our state are rapidly changing and that the identical problems will have to be met within the next few years.

University Activities. Another list of charts shows many interesting facts in regard to the student activities of the University of Texas at Austin. The number of students has increased from 250 in 1883 to 3,134 in 1912. These charts show also that more than 800 students at the last session were contributing toward their support while in the university. Other charts show the growth of the university summer schools, as well as the extent of the correspondence work now being given to more than 1,000 students in their homes.

Headquarters for Students. Although the exhibit is designed to represent chiefly the extension department, an effort is also being made through the display to arouse greater interest among the alumni and students of the university. There are many interesting features in the form of reminders of the old college days. The old register book of the university, which was used for many years, is a relic of past methods, containing

TO IMPROVE PRETTY HAIR AND BEAUTIFY UGLY HAIR

Harmony Hair Beautifier, a delightful liquid hair dressing, is just what it is named. No matter how ugly your hair is, it can be made to look even better by using Harmony Hair Beautifier. To those who mourn because the hair is stringy, dull, lustreless and homely, Harmony Hair Beautifier will prove a real blessing and pleasure. It seems to polish and smooth the hair, making it glossy, silky-soft and more easy to put up in graceful, wavy folds that stay put. It overcomes the smell of the hair with a fine, rose fragrance, very pleasing to the user and those around.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous relief from itching and penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Reall Store—one of the more than 700 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.

OUR POLICY "THE PUBLIC BE PLEASED"

the signatures of many of the most prominent men in the state. Copies of the various university publications, including the Magazine, the Coyote and the Texan, are displayed.

Public Sanitation. Another booth relates to the various phases of public sanitation. Much of this material was contributed by the medical department of the university located at Galveston. Valuable suggestions are offered for the farmer or for the man living in rural districts without sewage facilities. Emphasis is given to the necessity of reducing the number of deaths from tuberculosis. An electric clock with hands that move at intervals shows that 200,000 people die annually in the United States of this disease. Other charts indicate the ways of preventing typhoid fever and other diseases conveyed by the housefly.

Milk Exhibit. The milk exhibit is centered around the fact that bacteria are the cause of the souring and spoiling of milk. Bacterial plates are on exhibit to show the number of colonies in high-grade milk and in ordinary milk. Others show the number of bacteria in milk and manure are carriers of bacteria. Models and pictures emphasize the facts and point out the desirable and undesirable methods of handling milk. Good and bad types of milk pails and sale methods are illustrated. Iceboxes, refrigerators, pasteurizers and strainers are some of the articles on exhibition.

County Superintendent R. L. Abbott said last night that he hoped every county teacher would visit this booth.

Personal.

C. H. Lydick of Fort Worth was a business visitor in the city yesterday. Mrs. C. Gustafson, with her mother and father, is here from St. Louis attending the Cotton Palace and is touring Texas. They are the guests of her daughter, Margaret Gustafson, 1112 Lytle street.

Dr. T. E. Cranfill and Valie C. Hart of Dallas are in the city, stopping at the Boley.

Deaths and Burials.

Death of Mamie Howard. Little Mamie Howard, the 8-year-old daughter of J. R. Howard, died yesterday morning at the home of her parents, 826 Pecan street.

The body was sent to Hubbard City last night by Undertaker L. C. Puckett and the funeral services and burial will take place there today.

TELEPHONE MANAGERS HERE.

Two Days' Conference Begins This Morning—To See Cotton Palace. Managers of the Brazos Valley telephone system will assemble here today, about fifty strong, for a conference which will extend through two days. The telephone men will visit the Cotton Palace exposition in body tomorrow. The business sessions will be held in the assembly hall of the Young Men's Business league. Mayor Mackey will deliver a welcoming address at the opening session today.

An attractive program for the entertainment of the visiting managers has been arranged. They will attend in a body the vaudeville entertainment Saturday night, which is to be given in place of the ball originally planned.

WORKMAN SERIOUSLY HURT.

Benjamin Darden of Fort Worth Falls from Building While at Work. While at work on the Waco hotel building, Sixth and Austin streets, shortly before 7 o'clock last night, Benjamin Darden, a mechanic, lost his footing and fell a distance of eight feet. He suffered serious injury to his back and was taken to a sanitarium in great agony.

Lucien is a resident of Fort Worth, his home being at 1204 Washington street, that city. The injured man was attended by Drs. Curtis and Witte.

A New Arrival.

Mr. and Mrs. T. D. Redberry are the happy parents of a nine-pound boy, who came to gladden their home on the fourth of November.

SUBONIC PLAQUE INCREASES.

Trade Routes and Panama District Affected. Washington, Nov. 6.—Presence of sub-onic plague and yellow fever on the great trade routes from the south coast of Central America is giving grave concern to American health officials. Consul Baker reported to the state department today that during the month of October there were 122 cases of plague in Guayaquil and that yellow fever was on the increase there.

Wilson Congratulates Mitchell. Washington, Nov. 6.—President Wilson today telegraphed Mayor-elect John Purroy Mitchell of New York city as follows: "I congratulate you with all my heart."

"MYSTERIOUS Y. M. B. I. GIRL"

Chase of Missing Maid Will End in Capture of \$25 Cash Prize by Her Finder.

The proposition to combine the postponed program for the celebration of Waco day with the Young Men's Business League day celebration has met with general favor and the plan will be adopted as far as practicable.

An elaborate program has been arranged by the Young Men's Business League and the features of the Waco day celebration, which were necessarily abandoned because of the unfavorable weather conditions, will be included. Young Men's League day promises to be one of the most successful of the exposition season.

Chase of the Missing Maid. Unusual interest attaches to the novel stunt planned for the night of November 11, the chase of the "Mysterious Y. M. B. I. Girl." She will carry a prize of \$25 with her, which will be handed over to the man, woman or any person over 15 years old who first discovers her identity. The chase is planned on the lines of the "Missing Molly Dimples," which were introduced in the principal cities of the country a few years ago.

The "Mysterious Y. M. B. I. Girl" will be chosen by a committee of the league. She will mingle with the crowds at the Cotton Palace grounds on Young Men's Business league night. To the first person who hails her with the salutation, "You are the Y. M. B. I. representative," she will hand over the \$25 cash prize.

CHILDREN WIN PRIZES.

Many Awards Made for Cotton Modeling Specimens of Merit. Awards in the children's exhibit cotton modeling department were made as follows: First prize, Willard Dutton, court house. Second prize, Paul Darwin, windmill. Third prize, Nelson Denton, ducks. Fourth prize, Blanche Jackson, hat. Fifth prize, Jack Barnum and Paul Christman, Alamo.

Special Prizes. Beuna Lofland, mission clock. Gertrude Epperson, piano. George Gaulfield, automobile. (City prize.) J. P. Baugh, interurban. Francis Sontag, aeroplane. Ruth Clark, hat. Jimmie Lee Guthrie, hat. Mildred Newberry. School prize, low fourth grade, Columbus street. School prize, 6-B grade, Sanger avenue. School prize, 6-B-2 grade, Sanger avenue.

YOU'RE BILIOUS AND COSTIVE—CASCARETS

SICK HEADACHE OR SOUR STOMACH MEANS SLUGGISH LIVER AND BOWELS.

Get a 10-cent box now. Purged Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swirl barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your drugist will keep you feeling good for months. Millions of men and women use Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

BOYS' CORN CLUBS PARADE TOMORROW

THEY'RE COMING FROM MILAM, FALLS, BOSQUE AND OTHER COUNTIES.

FULL PROGRAM IS ANNOUNCED

Boys Will Assemble at 9 o'clock in the Morning on the Courthouse Lawn and Fall in Line.

For the Boys' Corn Club day at the Cotton Palace Saturday, November 8, the following general instructions and program are announced by J. L. Quickmiller, assistant state agent, and J. A. Pipkin Jr., county demonstration agent for the federal department of agriculture.

All members of Boys' Corn club will assemble on the court house lawn at 9 o'clock Saturday morning, where buttons will be given each boy preparatory to joining in the parade at 10 o'clock.

Decorated Float. A special decorated float will be provided for the boys and members of the clubs from Milam, Falls, Bosque and other neighboring counties, who will join those from McLennan in the parade. J. A. Pipkin Jr., county demonstration agent, will have charge of the boys and vouch for them at the gates, where they will be admitted to the Cotton Palace free.

Immediately after entering the Cotton Palace grounds a short program will be had at the convention tent, near the former poultry building, where J. L. Quickmiller will be in charge. This program will be as follows:

"What the Club Boys Have Accomplished." Prof. H. H. Williamson, in charge of club work, College Station, Tex.

"What the Girls Are Doing to Cheaper the Cost of Living on the Farm." Miss Bernice Carter, in charge of girls' club work, College Station.

Report from boys who attended the national corn show at Columbia, S. C., last January.

Short talks from prize-winning boys from Falls, Milam, Bosque and other counties.

Club song, Miss Bernice Carter. "How to Double the Yield of Corn in Texas." W. F. Proctor, state agent, College Station.

"Extension and Co-operation with the Federal Government." C. M. Evans, Texas Agricultural and Mechanical college, College Station.

Announcement of prize winners at Cotton Palace.

Inspection of corn and other exhibits on display at the Cotton Palace.

All friends of the work are invited to attend the program and view the corn exhibit by the Boys' Corn club.

EVENTFUL DAY FOR GERMANS

Sons and Daughters of the Fatherland to Participate in Big Demonstration.

The Germans are expecting to have the grandest parade of that nationality on their day, Thursday, November 11, ever planned. The thirteenth is also Reussel day, and the entire town will close, coming up with large delegations headed by the Reussel band.

Flots to Be Imposing. The German day flots will eclipse any ever seen in former parades of that nationality. The pageantry will represent thousands of dollars in decorations. Woman's day parade on Saturday and German day parade on Thursday will be looked forward to by all Central Texas as the crowning events of the kind for the 1913 Cotton Palace.
